

Cannabis

Helping You Navigate New Legal Terrain

At Conroy Simberg, we believe that the best client is an informed one, and the best attorney a trusted one. As such, it is always our goal to make sure that you understand each and every step that we take on your behalf, be it in litigation, transactions, regulatory matters or simply in general consultation. In Conroy Simberg, you will always have a conscientious and responsive partner at your side.

We understand that as the cannabis marketplace unfolds in Florida and continues to develop in several other states, there will be a great deal of uncertainty as to what the law permits and how best to avoid regulatory violations and unnecessary litigation. Our Cannabis Division has several years of diverse experience, focused on commercial law, intellectual property and real estate litigation. We will bring these skills to bear in catering to all of your cannabis-related needs, and adapting to meet any unforeseen challenges that may arise. In the event that litigation or administrative proceedings do become necessary, we are determined to zealously represent you at every stage of the process. There is no better way to ensure that you are keeping pace with changes in the law and that your interests are properly protected, than to call upon the expertise and resources of a firm that has been successfully representing clients just like yourself for decades.

Our Cannabis Services

Whether you are an insurance carrier, business owner, cultivator, patient, physician, accounting/financial professional, lender, investor, landowner, entrepreneur, design/visual arts professional, or anyone else needing expert guidance, [we are here to help](#).
